

# PipeCut Infinity Hydra

## The Ultimate Solution for Limitless Pipe Cutting – Even Underwater!

The PipeCut Infinity Hydra combines the best of both worlds! Equipped with the HYDRA-powered hydraulic motor and the Infinity chain system, this advanced pipe saw expands cutting capabilities for extremely large pipe diameters. Whether you're cutting steel, stainless steel, cast iron, aluminum, copper, or plastic, the Infinity Hydra ensures fast, precise, and safe cutting.

With its robust hydraulic motor, fully functional even underwater, the saw handles thick wall pipes effortlessly. The expandable chain system allows cutting pipe diameters from 360 mm to over 1,850 mm, while the adjustable cutting depth ensures optimal precision and flexibility.

### Advantages

- Powerful hydraulic drive – fully operational underwater
- Infinity chain system for extra-large pipe diameters
- Adjustable cutting depth for precise results
- Cuts all pipe materials – ideal for any job site
- Optional gear box with connection for cordless screwdriver

Weight	27 kg
Range of use	360 – ∞ mm
Max. pipe wall	20 mm steel 45 mm plastics
Suitable for	All materials

#### Technical details

Hydraulic pressure	120 – 150 bar
Oil flow	20 – 25 l/min.
Max.Blade diameter Ø	190 mm
Mounting bore	62 mm

## Cut+Bevel Set (optionally)

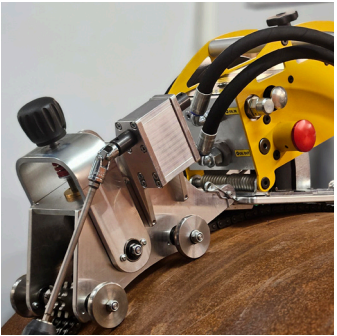

### For PipeCut Infinity & Infinity Hydra

Upgrade your EXACT Pro machine to a Cut+Bevel version. With the conversion set, you can easily install an upgrade on your Pro machine.

- Set includes:
- Cut+Bevel Diamond disc
  - Saw blade cover, suitable for your PipeCut Infinity & Infinity Hydra

Part No. for Infinity: 1351087  
Part No. for Infinity Hydra: 1216275

Part No.: 1216492

### Scope of delivery

- PipeCut Infinity Hydra
- 2 Carrying bags
- 2 connecting hoses (1 meter)
- Cermet 165 saw blade
- Operating instructions
- Chain segments for 1.850 mm OD (2 x 2 M, 1 x 1 M, 1 x 0,5 M, 2 x 0,2 M, 1 x 0,1 M)
- Clamping device with crank
- Hexagon socket 5 mm & 2 mm
