

PIPE TRANSPORT ROLLERS

Precise and secure pipe transport

- Maximum grip
- Stable and mobile
- Comfortable handling

Pipe Transport Rollers & Pipe Supports

Robust, Versatile, and Reliable

For precise and secure pipe transport – in workshops, construction sites, and pipe processing. Our pipe transport rollers make moving and handling pipes effortless in any work environment. Whether for small or heavy pipes, our solutions keep you firmly in control.

Pipe Transport Roller PU 315/200

- Ideal for smaller pipes up to 315 mm diameter, load capacity 200 kg.
- Lightweight and handy, with durable plastic rollers for optimal handling.
- Dust and dirt protection through high-quality ball bearings.

Item. no.: 11 0K8 0315

For pipe sizes	up to 315 mm OD
Max. load capacity	200 kg
Dimensions (L x W x H)	410 x 400 x 140 mm
Weight	14,7 kg

Pipe Transport Roller PU 650/1000

- For heavy loads up to 1000 kg and pipe diameters up to 650 mm.
- Ground peg fixations for stable positioning on construction sites.
- Thick-walled, ball-bearing roller with 180 mm length – perfect for safely handling larger pipes.

Item. no.: 11 PU8 0650

For pipe sizes	up to 650 mm OD
Max. load capacity	1.000 kg
Dimensions (L x W x H)	400 x 520 x 240 mm
Weight	14,7 kg

Pipe Transport Roller PU 900/1000

- Maximum load capacity for pipes up to 900 mm diameter, load capacity 1000 kg.
- Galvanized, thick-walled rollers for extra stability and durability.
- Drilled fixations for added safety during operation.

Item. no.: 11 PU8 0901

For pipe sizes	up to 900 mm OD
Max. load capacity	1.000 kg
Dimensions (L x W x H)	900 x 400 x 300 mm
Weight	14,7 kg

Single Pipe Support

- Ideal for working on pipes
- Load capacity 65 kg, up to 1,000 mm pipe diameter.
- Plastic rollers for a smooth and gentle support.

Item. no.: 11903-00

For pipe sizes	50 - 1.000 mm OD
Max. load capacity	65 kg
Dimensions (L x W x H)	293 x 211 x 127 mm
Weight	1,2 kg

Double Pipe Support

- Ideal for working on pipes.
- Load capacity 130 kg, suitable for pipes up to 1,000 mm in diameter.
- Double plastic rollers for high stability and easy use.

Item. no.: 11903-10

For pipe sizes	50 - 1.000 mm OD
Max. load capacity	130 kg
Dimensions (L x W x H)	296 x 392 x 127 mm
Weight	2,3 kg
